Buckingham

I exhausted my fund of news items in a letter to this paper sealed and delivered the letter at the post office with two perfectly good one cent pieces to pay postage and then much to my regret not a line appeared in the paper. "Love's labor lost".

The sensational report that Wyate Pendleton had escaped from jail here and that he is supposed to have gone off with Miss Ethel Wheeler of this place is the current topic of conversation. He is supposed to have cut his way out of jail with a hack saw that was taken him by an accomplice. Pendleton it will be recalled was tried in the circuit court here charged with the murder of a man named Barker, the jury found him guilty and fixed his punishment at ten years in the penitentiary, he however through his counsel took his case to the supreme court and pending action by that tribunal he was confined in jail here. It is alleged that Pendleton cut his way out of jail some time ago and that he had a rope ladder upon which he has been going out of jail and coming back at night.

It seems that the dry spell we are experiencing extends through many States besides Virginia and the estimated shortage in crop yields made by the United States Government is alarming indeed.

Nice mellons are plentiful now and prices more reasonable. I sold corn at $1 last week, but the price will go up from that unless the season changes soon.

I dined out with a friend last week and he had a dinner fit for a king.

I saw at least one thousand bushels of wheat in one pile not long ago and some of it was getting hot and black bugs were in it.

A number of calves changed hands around here the past week at prices ranging from $3 to $5 and others were shipped and tops sold at 9c on the market. A calf that weighed 125 lbs. netted only $7.41 in Richmond.

Mr and Mrs. Frank Ellis, of Birmingham, Ala., are staying in the home of Mr. John Eldriege.

Miss Maggie Gaines is a guest in the home of Mr. and Mrs. C. G. Clay.

Mrs. George Bondurant and children are staying at "Variety Shade".

Mrs. John Glover motored to Farmville on business Friday.

Judge A. S. Hall is improving in health and his faithful wife got off on a little pleasure trip to Richmond last week.

Rev. Conrad has been assisting in a meeting at Trinity Methodist church the past week.

Two boys came and asked for work the pass week and I told them I had a nice lot of stove wood and would pay them $1 a cord to cut and split it, but they said they only wanted to work by the day.

I took a ride in my own car with my own driver and the running expenses (without accident) were $6 a day and we ate cold dinner at that.

Mr. Steger who carries the mail from here to Dillwyn is doing a lively business with his truck, and often he takes the mail into Dillwyn and instead of loafing his time away he comes back with a load of goods and then gets back to Dillwyn in time to bring the mail.

Dressed lamb is selling for 15 cents a pound on the local market. Everyone seems to have a plenty of chickens, meat bread and vegetables and farmers are living well at small cost.

Mr. Frank Garnett and wife, of Red Star, W. Va., have been guests at the home of Mr. A. J. Garnett here.

[No letter received last week The postal authorities were possibly too busy getting out the vote for the primary election.

By the way can't you give a report of the election results in Buckingham? We hear Mr. Boatwright beat Dr. Tucker, and the latter has employed counsel to contest the election. News is wanted and the facts are eagerly awaited. Ed.]

Fordson TRACTOR

$625.00 F.O.B. Detroit

"Henry Ford Was Right When He Said:

'The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be —the most pleasant, the most healthful, the most profitable business on earth'."

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time — a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more —a machine that takes care of every power job on the farm.

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.

Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigaretty aftertaste.

Who are more thrifty— Men or Women?

Some say that women are more thrifty than men. We do not know about this. It is very much like saying that women are more honest than men. Nobody knows, and we don't think such questions as these will ever really be decided.

The thrift proclivity is not influenced by anything that is peculiar to either sex, in our opinion.

Any man or woman with a brain and a backbone can be thrifty. Any thinking person can see the desirability of being thrifty, and any person with vim and self-control can be thsifty—man or woman, boy or girl.

Samuel R. Franklin

This splendid Virginia gentleman died at his home in Pamplin Saturday evening in the 79th year of his age. It is said of him that in his 40 years of merchantile life he was not known to take his seat during his working hours, and that he set June of this year to retire from active life and did so, and never went to the business part of his town afterwards, he had been indisposed for some weeks and his advanced years soon began to weaken his constitution and in the last week of his life he declined rapidly. He was a very quiet man, enjoying the confidence of all the people, and was very popular among all classes, as was attested by the large assemblage of citizens both white and colored who attended his funeral Monday. He was a member of Baptist church, a veteran of the Civil War and a Knight of Pythias order conducted his funeral services, together with the deceased's pastor. He is survived by a daughter, Miss Estelle Franklin, and a son, Dr. J. H. Franklin, of Boston, Mass., the later's tribute to his father over the open grave was tender and pathetic and brought tears to the eyes of the great crowd around the grave. There is no one to take his place in the home and the service he has rendered to employers and the public will be missed. A life worthy of emulation has been ended and many of his friends and dear ones will forever cherish his memory.

Sergeant Jerry Simpson Beasley

The remains of Sergeant Jerry Simpson Beasley, who was killed in France on Oct. 4th, 1918, during the World War, arrived on Saturday last and were interred in the family cemetery at Hollywood on Sunday following. The funeral and burial services were conducted in the Hollywood church and at the cemetery respectively by Rev. Thomas Jefferson Ragland, of Evergreen, Va. Many friends and relatives were present to express their last respect and sympathy for the deceased.

The pallbearers were W. Thomas Covington, Charlie J. Bagby, Herbert C. Bagby, Sterling Franklin, Harry Jenkins and George White.

Sergeant Jerry Simpson Beasley was the second member of the same family to be killed during the World War. The first brother, Sergeant James Robert Beasley, was killed in the second battle on the Marne. The second brother's remains arrived in June last.

Colds & Headache

"For years we have used Black-Draught in our family, and I have never found any medicine that could take its place," writes Mr. H. A. Stacy, of Bradyville, Tenn. Mr. Stacy, who is a Rutherford County farmer, recommends Black-Draught as a medicine that should be kept in every household for use in the prompt treatment of many little ills to prevent them from developing into serious troubles.

THEDFORD'S BLACK-DRAUGHT

"It touches the liver and does the work," Mr. Stacy declared. "It is one of the best medicines I ever saw for a cold and headache. I don't know what we would do in our family if it wasn't for Black-Draught. It has saved us many dollars . . . I don't see how any family can hardly go without it. I know it is a reliable and splendid medicine to keep in the house. I recommend Black-Draught highly and am never without it."

THE BANK OF APPOMATTOX

On April 9th we celebrated our 20th birthday without ever having sustained a loss by burglary by night or hold-up by day, or otherwise.

In addition to having a modern Mosler Manganese Burglar Proof Safe, and carrying heavy day-light hold-up and night burglary insurance, we have just recently installed The Cannon Ball Electric Burglary Alarm System, which is one of the best on the market and which is now being used by more than 1500 banks in the United States, none of which have been attacked with success.

When you are in town drop in and we will be glad to explain and show the system to you.

Deposit your funds with us and feel absolutely safe. $1 will start an account. 4 per cent paid on time deposits.

We have never ceased to grow, so get our resources behind you and grow with us.

Total resources nearly $400,000.
